## DOING BUSINESS IN ASIA: MEET THE EXPERTS

Following the hugely successful 'Doing Business in Asia' events in June, UK Trade & Investment's Asia Task Force asks you to save the date for its next series of four events across the UK.

- **Tuesday 1 December** - South of England (London)
- **Wednesday 2 December** - Scotland (Edinburgh)
- **Thursday 3 December** - North of England (Leeds)
- **Friday 4 December** - Midlands (Birmingham)

Each event will provide the latest briefing on market developments in Asia comprising of plenary sessions and market clinics as well as the chance to attend one to one meeting with senior representatives from our Embassies and High Commissions from the following markets:

- |             |               |            |
|-------------|---------------|------------|
| • China     | • Korea       | • Taiwan   |
| • Hong Kong | • Malaysia    | • Thailand |
| • India     | • Philippines | • Vietnam  |
| • Indonesia | • Singapore   |            |

This is a great opportunity for small and medium sized UK businesses interested in exporting to, and investing in Asia to learn about the key economic and political developments affecting the current business climate, make contact with key people to help you take the next steps, and learn how UKTI can assist your business in making the most of specific opportunities.

Business attendees at previous Doing Business in Asia events said:

**"The conference was very practical and relevant - I was really impressed with the organisation and all the reports."**

**"Speakers were passionate about the market and demonstrated an ability to support new companies into market."**

**"Good overview of impact of current political climate on stability for businesses going into Asia – the chance to network at this level outside of London is very useful"**

## PLEASE SAVE THE DATE IN YOUR DIARY
